

## Kettins Community Hub Use

Kettins Community Hub has been created to provide facilities to support all members of our community. The Hub has been open for a year and events and activities are being established, we wanted to take the chance to find out what additional activities you would like to be available in the hub and park. The Hub is run and managed by volunteers from our community. There is a map of the hub area available which may help you to visualise some of your ideas.

Please put a tick to indicate your preferences and add comments at each section, if you wish. Thank you for taking the time to complete this questionnaire, it really will help the Hub to develop.
