Hub Community Garden As spring is now upon us, thoughts are turning to all things growing. Apple pressing has become a regular autumn activity, but help is needed to manage and grow the vegetable garden. Whether this is a regular help or just an occasional thing. Can you put up protective netting cages? Do you grow plants from seed? Any spare ones that you can offer will be very welcome. Look out for notice of when work is being undertaken. Or get in contact to let us know what you can offer.

If you have an idea for an event that could be held in the hub, please get in contact to find out more about how to get it organised.
